

Simavita releases ASX Appendix 4C for the quarter ended March 31, 2016

For Immediate Release:

April 29, 2016

Sydney, Australia – Simavita Limited (ASX: SVA; TSX-V: SV) (“Simavita” or the “Company”), a global leader in the digital healthcare sector, is pleased to release its ASX Appendix 4C for the quarter ended March 31, 2016.

ASX Appendix 4C – March 31, 2016

Cash receipts from customers for the quarter were \$157,851, taking the total for the first nine months of the 2016 financial year to \$577,708. This figure represents an increase of 8.5% over the total cash receipts from customers for the corresponding nine months in 2015 of \$532,305.

Highlights during and immediately post the March quarter included:

- First major sale in Europe through Danish distributor, Abena, who signed a contract to distribute SIM™ in the Municipality of Aarhus, Denmark.
- Board changes during the quarter included the retirement of 2 directors; Ari Bergman and Damien Haakman.
- The Company has continued to strengthen its global patent portfolio with the filing of six new patents during the quarter bringing total patents filed to 34, including 32 granted patents.
- Proceeds of \$1.775 million from capital raisings via a Security Purchase Plan (SPP) and placements. The Placements were subsequently approved at a Special Meeting of the Company’s shareholders held on February 25.
- Receipt of \$1.27 million under the Australian Government’s R&D Tax Incentive Scheme for the period ended 30 June 2015.

Post quarter end events:

- On 27 April 2016 Chairman Michael Brown and Managing Director / CEO Philippa Lewis stepped down and incoming directors Mr Michael Spooner and Dr Gary W. Pace appointed non-executive Chairman and non-executive Director respectively.
- Funding: The Company issued secured convertible notes raising \$3.063 million, subject to obtaining shareholder approval. The Company is also in final discussions with other major shareholders/investors with the objective of raising further funds (circa \$3.4m) from sophisticated / wholesale investors at AUD\$0.05 per CDI. This private placement would be subject to prior shareholder approval to the extent it exceeds the Company's placement capacity so as to comply with ASX Listing Rule 7.1 and will be subject to any regulatory approval including the approval of the TSXV.
- Strategy: The newly constituted board will undertake a strategic review with the objective to maximise shareholder value. Details of the review will be announced in due course.
- Agreement reached with leading North American cloud-based software platform provider, PointClickCare, to establish system interoperability between SIM™ and PointClickCare’s electronic health record (EHR) platform. PointClickCare is the largest EHR provider to the long term care market in the US.

Agreements were signed with MatrixCare (US) and Healthmetrics (Aust) last year. These three EHR providers have their software platforms in over 19,000 sites. The Company has now completed technical interoperability with MatrixCare and has commenced the program with Healthmetrics and PointClickCare.

EHRs are compulsory in the United States; all long term care and skilled nursing facilities must have a person centred EHR.

About Simavita

Simavita is a digital healthcare company that has developed an innovative software platform. The first application for the platform is a world first solution for the management of urinary incontinence, with a focus on the elderly. This platform technology is an instrumented incontinence assessment application that provides evidence-based incontinence management care plans to the residential aged care market.

About SIM™

SIM™ is a wireless sensor technology that delivers evidence-based instrument incontinence data on individuals. SIM™ provides user friendly tools and software to assess the incontinence condition and to help plan better outcomes. SIM™ is used to detect record and report incontinence events during a compulsory or recommended assessment period in residential aged care sites to develop an evidence-based incontinence care plan.

Conducting assessments is mandatory in many countries and the incontinence assessment creates an influential element of care of each individual. For more information on Simavita or SIM™, please visit www.simavita.com.

Except for historical information, this announcement may contain forward-looking statements that reflect the Company’s current expectation regarding future events. These forward-looking statements involve risk and uncertainties, which may cause, but are not limited to, the anticipated date of on the ASX, changing market conditions, the establishment of corporate alliances, the impact of competitive products and pricing, new product development, uncertainties related to the regulatory approval process, and other risks detailed from time to time in the Company’s ongoing quarterly and annual reporting.

Forward-Looking Information

This document may contain “forward-looking information” within the meaning of Canadian securities laws (“forward-looking information”). This forward-looking information is given as of the date of this document.

Forward-looking information relates to future events or future performance and reflects Simavita management’s expectations or beliefs regarding future events. Assumptions upon which such forward-looking information is based include that Simavita will be able to successfully execute on its business plans. Many of these assumptions are based on factors and events that are not within the control of Simavita and there is no assurance they will prove to be correct.

In certain cases, forward-looking information can be identified by the use of words such as “plans”, “expects” or “does not expect”, “is expected”, “budget”, “potential”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or information that

certain actions, events or results “may”, “could”, “would”, “might” or “will be taken”, “occur” or “be achieved” or the negative of these terms or comparable terminology. By its very nature forward-looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Simavita to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Such factors include, among others, risks related to actual results of current business activities; changes in business plans and strategy as plans continue to be refined; other risks of the medical devices and technology industry; delays in obtaining governmental approvals or financing or in the completion of development activities; as well as those factors detailed from time to time in Simavita’s interim and annual financial statements and management’s discussion and analysis of those statements. Although Simavita has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. Simavita provides no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information.
